

# Accessing grades

As a Learner your grades area lists all courses in which you are enrolled or associated, along with any grades or scores achieved within those courses. This area can be accessed by selecting **Grades** in the **User menu** in the upper-right corner of the screen.

As a Learner, all your enrolled courses will be displayed under **Courses I am taking** with the **Grade** achieved (to date) listed to the right. The course name is a link to the user's gradebook within the corresponding course and will show all gradeable items and current score.
