

# Organisations

The organisation hierarchy allows you to set up one or multiple organisational structures.

The organisation structure defines the regions, departments, groups, areas, or teams that make up your organisation.

## Benefits

The benefits to setting up your organisational hierarchy in Totara:

- More flexible reporting.
- A user's learning plan can automatically pull in all competencies and courses assigned to their part of the organisation.

## How to set up an organisational hierarchy

There are two main steps to setting up your organisational hierarchy.

1. Set up the framework: the space ready to capture the details of your organisation.
2. Set up the organisational items which make up the structure.
