

Appraisals

The purpose of the appraisal system is to facilitate discussions between a user and their appraiser, to provide a structure that explains what needs to be done, when and by whom.

Use the right hand menu to explore how to create, manage, view and complete appraisals.

Learn more and try it for yourself on the [Appraisals course](#) in the Totara Academy.

Related pages

The Totara Academy has a whole course dedicated to using [Appraisals](#) in Totara Learn. Here you can learn more on how to use the tool, see best practice, and give it a go yourself.
