

User menu items

User menu items will show when you click the dropdown menu under your name shown (by default) on the top right of the screen.

- **Profile:** Allows you to view or update your account information, settings and change your password.
- **Grades:** Provides a summary of the Grades you've received for courses enrolled in as a Learner and as a Trainer.
- **Messages:** This link opens your Instant Messaging tool.
- **Preferences:** Allows you to adjust preferences and settings related to your account, profile and how you interact with the LMS.

Log out

You can configure the contents of the User Menu (with the exception of the log out link, which is automatically added) via the **Administration** block within *Site administration > Appearance > Themes > Theme settings*.
