

Site Navigation

When navigating your Totara Learn site there are a few key features to be aware of.

- **Navigation block:** Provides contextual navigation and quick access to various areas across the site.
- **Record of learning:** This can be found in the top menu bar. From the Record of Learning menu you can access your [Learning plans](#), Required Learning, and Record of Learning.
- **Team:** Allows managers to view information related to their team such as learning plans and appraisals.
- **User menu items:** Shows when you click the dropdown menu under your name shown (by default) on the top right of the screen. Contains user profile, messages, user preferences, and user grades.
- **Course catalogue:** Allows you to browse and search for courses, programs and certifications on your site.

(This video is taken from the [Totara Learn for beginners](#) course in the Totara Academy, where you can access more resources and learning materials - including other videos).
